TO : ALL PROVINCIAL GOVERNORS, CITY AND MUNICIPAL MAYORS, PUNONG BARANGAYS, NATIONAL PRESIDENT OF THE LIGA NG MGA BARANGAY SA PILIPINAS, DILG REGIONAL DIRECTORS, MINISTER OF LOCAL GOVERNMENT - BANGSAMORO AUTONOMOUS REGION IN MUSLIM MINDANAO, AND ALL OTHERS CONCERNED

SUBJECT : 2024 SEAL OF GOOD LOCAL GOVERNANCE FOR BARANGAY

DATE : MAY 08 2024

1. Background

The Seal of Good Local Governance for Barangay (SGLGB) is a performance assessment and recognition system designed to distinguish barangays with outstanding performance across various governance areas. It also intends to encourage barangays to continuously progress in delivering efficient, equitable and quality public services. It puts primacy to integrity and good performance as pillars of meaningful local autonomy and development.

Fulfilling the Department's mandate to oversee capacity development initiatives for local government units, and facilitate the institutionalization of performance standards in local governance, the National Barangay Operations Office (NBOO) has implemented the SGLGB program in 2023. The assessment covered 39,623 (94.25%) barangays, with 1,028 (2.59%) achieving National Passers status.

For CY 2024, the SGLGB shall still employ the established "3+1" assessment framework across all 42,041¹ barangays. This initiative strives for sustained improvement in governance practices, ultimately empowering local communities through recognition and fostering developmental initiatives.

4. Policy Content/Guidelines

4.1. Assessment Criteria

For the CY 2024 SGLGB, the principle "**3+1**" applies, where a barangay needs to pass **ALL of the three (3) Core Governance Areas, AND at least ONE (1) of the Essential Governance Areas.**

CORE GOVERNANCE AREAS – These are the foundational indicators that ensure good governance particularly in delivering essential public services. They assess the effectiveness of key programs and projects in terms of financial accountability, peace and order, and protection of life and property.

1. **Financial Administration and Sustainability** – This pertains to a barangay's outstanding practice of accountability and transparency in financial administration by adhering with accounting and auditing standards.
2. **Disaster Preparedness** – This refers to a barangay's proactive measures, including the development and implementation of disaster risk reduction and management programs.
3. **Safety, Peace and Order** – This represents a barangay's outstanding performance in maintaining peace and order through activities and support mechanisms that protect constituents from threats to life, health, and security.

ESSENTIAL GOVERNANCE AREAS – These indicators encompass providing basic social welfare services, promoting business and income-generating activities, and safeguarding the environment.

1. **Social Protection and Sensitivity** – This encompasses a barangay's responsiveness to the needs of disadvantaged/challenged sectors and the provision of support for basic education, food security, access to social welfare services, and participation in local special bodies.
2. **Business-Friendliness and Competitiveness** – This reflects a barangay's notable efforts in promoting business and employment through supportive systems, structures, and legislation.
3. **Environmental Management** – This refers to a barangay's conscientious preservation of the environment by complying with the provisions of the Ecological Solid Waste Management Act of 2000.

4.1.1. Adjectival Rating of Functionality for Barangay-Based Institutions (BBIs)

Since 2023, SGLGB has adopted the Online Expansive and Unified Audit (ONE AUDIT), incorporating the various Barangay-Based Institutions (BBIs) Functionality Audits. The functionality of the BBIs will be scored based on the cumulative total of the sub-indicators as presented in **Annex 3** of this policy. The ratings of the assessed barangays will be automatically generated through the SGLGB Google Sheet upon data entry at the city/municipal levels. Only **Moderately Functional** and **Highly Functional BBIs** shall be considered eligible and qualified for further assessment.

Adjectival Rating of Functionality for Barangay-Based Institutions (BBIs)

The computation for determining the functionality of Barangay Based Institutions (BBIs) involves assessing the percentage of sub-indicators that each institution meets out of the total number of sub-indicators applicable to it. This computation helps gauge the overall effectiveness and performance of a particular BBI.

For instance, if a BDRRMC has 4 sub-indicators and meets 3 or 4 of them, it would be considered highly functional. If it meets 2 of the sub-indicators, it would be classified as moderately functional. If it meets only 1 sub-indicator, it would be categorized as low functional. However, if it does not meet any indicators, it would be categorized as non-functional.

Annex 3: Assessment Criteria for Barangays

Similarly, other BBIs such as BADAC, BPOC, VAW Desk, BDC, BCPC, and BESWMC follow the same computation process based on their respective number of sub-indicators.

BDRRMC (4 Sub-Indicators)	3-4	Highly Functional
	2	Moderately Functional
	1	Low Functional
	0	Non-Functional
